Anti-Pest Kits

for Midwest outdoor power outlets

Want to keep rodents, spiders and other pests out of your outdoor power outlets? Midwest Anti-Pest Kits make it easy. Once in place, the barrier helps prevent pests from climbing up and over the deadfront when the door is closed.

1 Peel off the tape.

2 Apply the bracket.

3 Done.

Each kit includes six 16AWG aluminum brackets in 5", 6" or 9" widths, corresponding to the width of your enclosure.

Power Outlet Enclosure Width	Anti-Pest Kit Cat. No.
5"	APK5
6"	APK6
9"	APK9

For complete installation instructions, see publication MEP-1312.
